

Bedlington Terrier Association Championship Show. 15th October 2011.

Judge Mr.Stephen Lockett. (Skewhill).I would like to thank all of the exhibitors and hope that they all enjoyed the show.

Bitches were stronger in number than dogs and their overall quality was somewhat better.Feet, teeth eyes and eare were generally good. Coats were quite good and seem to have improved over the last ten years or so.Toplines are not so good; unfortunately there are too many animals with the roach in the middle of the back instead of a natural arch over the loin. On average movement was poor which could be improved if the dogs were fitter. A couple of miles road walking three or four times a week as well as a run in the fields would help considerably.

1st and R.B.C.C. Mrs. L.R.Caines. Gnejnabay Just Asha At Burmington.

Very nice balanced , dark liver b. With a very good coat. Strong but feminine b. Head. With a lovely eye and good jaw. Long tapering strong neck with a good head carriage. Natural arch over the loin. Correct size and weight. Movement light and springy. This b. May lack a little leg hair but to me , conforming to the K.C. standard, being fit, hard, well balanced and moving correctly is a damn sight more important.

2)Mrs. A.J.Williamson. Kenocto Blue Moon Of Mondessa.

A nice b. Well balanced.Good head, eye , teeth ,ears and feet.Nice neck and head carriage. Flat deep chest. Moved well.
